

ACV1 training

Life Cycle Assessment for decision makers

This two-hour training course will help you understand the benefits and limitations of LCA, so that you can make better use of it in your company's strategy.

1. Learning objectives

- Understand what LCA is in simple words
- Identify regulatory frameworks and key players
- Identify its usefulness: eco-design, corporate reporting
- Be aware of LCA limitations

2. Prerequisites

No

3. Duration

Two hours

4. Format

Remote

8 to 15 participants ¹

5. Target audience

Decision-makers, Marketing managers, CSR managers, Purchasing managers, R&D managers

6. Teaching methods

- presentations
- Q&A
- Training slides

¹ Sayari reserves the right to cancel one week before the training if fewer than 6 people are registered on that date.

7. Training program

- Key concepts and definitions
- Why do different LCAs display different results? Points of attention for decision-makers
- (Possibly, depending on the participants, a sector focus)
- Ongoing international LCA harmonization efforts
- The need to "know what we don't know"

8. Price

Price: €250 without VAT | 300 € VAT included per person

Introductory price for 2025: € 150 (without VAT) per person | 180€ VAT (included) per person
