

BIO1 training

Biodiversity and business: what's at stake?

This two-and-a-half-hour training course is designed to help you understand the framework for thinking about biodiversity, related regulations and key concepts, and to identify ways of implementing them in your company, based on concrete examples.

1. Learning objectives

- Defining biodiversity issues and concepts
- Identify available tools
- Awareness of the company's interdependence with biodiversity

2. Prerequisites

No

3. Duration

Two and a half hours

4. Format

Remote, 8 to 15 people¹

5. Target audience

Anyone wishing to understand the issues and links between biodiversity and the company: CSR managers, sustainable development teams, biodiversity advisors, environmental managers and project managers, etc.

6. Methods

- Didactic presentation
- Presentation of concrete company examples
- Q&A
- Training booklet given to participants

¹ Sayari reserves the right to cancel one week before the training if fewer than 6 people are registered on that date.

7. Training program

The program will cover:

- Key concepts and definitions of biodiversity-related terms
- National and international frameworks and regulations
- The (right) questions to address (materiality, impacts and dependencies...)
- How do you start or follow up on biodiversity in your business?

8. Price

Price: €300 without VAT | 360€ VAT included per person

Introductory price for 2025: € 175 without VAT per person | € 210 (VAT included) per person
